after bid opening.

Contract No. N62476-69-C-0181

71

SECTION 1. GENERAL PARAGRAPHS

1.1 General intention. It is the declared and acknowledged intention and meaning to provide and obtain refuse disposal.

1.2 General description. The services include furnishing labor, equipment, materials, supplies, and supervision to perform the disposal of refuse.

1.3 Location. The work shall be located at the Contractor's disposal site.

1.4 Form of contract. The contract will be executed on NAVDOCKS Form 2996(1-64) and will include NAVDOCKS Form 2996A(1-64) General Provisions Maintenance Service Contract. Make the following correction in NAVDOCKS Form 2996: Clause 9, line 6, change "bids" to "bonds". Make the following corrections in NAVDOCKS Form 2996A: Clause 2, line 15, change "Clause 6" to "Clause 24". Clause 3(a), change "(f)" to "(d)". Clause 3(c) (2), change "Clause 5" to "Clause 22". First Clause 13, change title to "Equal Opportunity (1969 Jan)". Second Clause 13, change to "Clause 13A".

1.5 Contractor's office and representatives. The Contractor shall maintain an office with a listed telephone, manned during normal working hours to handle calls in which personnel can be reached to receive and adjust complaints. A representative on the job will be responsible for on-the-job operations.

1.6 Supplies, materials, and equipment. Except as otherwise specified herein, the Contractor shall furnish all supplies, materials, and equipment necessary for the performance of the work.

SECTION 2. DETAIL CLAUSES

2.1 Disposal Service. The service shall consist of the disposal of all refuse by the Contractor after it has been delivered by the Government onto the Contractor's refuse disposal site.

2.2 Estimated requirements.

2.2.1 The estimated volume of the refuse material is as follows:

Daily average	486 cubic yards
Maximum daily peak	673 cubic yards
Annual volume	124,955 cubic yards

13-69-0181/1

72

775 CY
0032

2.2.2 The monthly volume classification of refuse to be handled is estimated to be as follows:

Industrial trash	6,000 cubic yards
Contaminated garbage	25*cubic yards
Timber and logs	1,000 cubic yards
Oils, tar and chemicals	50 cubic yards
Sawdust	650 cubic yards

Hog swill and domestic type garbage is handled by others under separate contracts.

The Government is in no way obligated to use nor is it restricted to the above estimated service requirements.

*Occasionally, small amounts of contaminated garbage (i.e., not suitable for hog swill) will be included in the refuse. In general this will consist of bones, fruit rinds, egg shells and coffee grounds.

2.3 Ownership. The Government collects salvageable material such as metals, sandblast sand and oil as it becomes available throughout the Shipyard, and retains ownership thereof. Occasionally, in the process of loading refuse by the Government, a wood pallet inadvertently may be included with the refuse. The Contractor shall set aside any such usable pallets, or other material obviously not refuse, for relaciming by the Government. The refuse shall become the property of the Contractor after it has been delivered to the disposal site and he shall be fully responsible for its proper disposal, provided that the Government shall have the right intermittently to inspect the Contractor's operation and reclaim, at the Government's expense, such material as the Government considers not to be refuse.

2.4 Road Maintenance. All unpaved roads required to be traveled by Navy equipment transporting refuse to the disposal site shall be graded and maintained by the Contractor to the satisfaction of the Contracting Officer.

2.5 Compliance with laws. The refuse disposal service shall comply with all applicable Federal, State and local laws and regulations.

2.6 Term of contract. The refuse disposal service will commence 1 July 1969 and end 30 June 1970, unless terminated at the option of the Government by the giving of not less than thirty (30) days advance notice of the effective date of termination.

2.7 Billing. Bills shall be submitted monthly, based upon one-twelfth (1/12) the total contract amount.
